Program Disclosures

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution’s affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If yes, provide website link (or content from brochure) where this specific information is presented:	

Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

The training adheres to a Practitioner-Scholar model, with two primary training aims: 1) to provide the trainee with experiences and skills needed to function competently as a broadly trained clinical psychologist, and 2) to equip the intern with additional knowledge and skills needed to practice competently within the Navy.

Training stresses exposure to multiple theoretical orientations and techniques. Rotations include Adult Outpatient, Health, Inpatient, Psychological Assessment, and Psychiatric Consultation and Liaison.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	No		Amount:
Total Direct Contact Assessment Hours	No		Amount:

Describe any other required minimum criteria used to screen applicants:

1. U.S. citizenship required.
2. Applicants must meet all age, security background check, and medical requirements for commissioning as officers in the U.S. Navy. (AGE LIMIT: No more than age 41 at the time of commissioning).
3. APA-accredited doctoral program in clinical or counseling psychology required.
4. Comprehensive examinations passed by APPIC application deadline.
5. Dissertation proposal approved by APPIC ranking deadline.
6. Given the predominantly adult focus of the Navy internship, and of Navy Psychology in general, we specifically seek applicants with practicum experience in generalist clinical assessment and psychotherapy with adults. Some experience with adults with major psychopathology is desirable but not mandatory. Applicants with minimal experience with adults, or with adult experience only in narrowly focused specialty areas such as neuropsychological assessment, would be at a significant disadvantage in our review.
