#### Postdoctoral Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on resident selection and practicum and academic preparation requirements:

The overarching aims of the NMCP Postdoctoral Fellowship Program in clinical psychology are to ensure that fellows are prepared to:

- (1) Function as competent and capable generalist psychologists who engage in a broad array of evidence-based health service psychology activities.
- (2) Serve as collaborative, ethical, and culturally-competent team members and leaders in diverse settings and with diverse populations.
- (3) Develop advanced professional competencies that allow the fellow to practice competently within the Navy/military environment (e.g., unique military populations, personnel evaluation skills, fitness for duty evaluations).

Rotations include Inpatient/Acute Care; Specialty Rotations in Mood/PTSD, Child/Family, or Health Psychology, and a General Outpatient Rotation.

Describe any other required minimum criteria used to screen applicants:

1. US citizenship required;
2. Age Limit: no more than 41 years of age at the time of commissioning;
3. APA-accredited doctoral program in clinical or counseling psychology required;
4. APA-accredited internships are required;
5. Applications must be submitted with the help of a Navy Medical Programs Recruiter.
